Nancy (x2), Richard, Lee, and Jennifer – I want to give you a heads-up that ATSDR is moving forward to release

Ex. 5 - Deliberative Process

Ex. 5 - Deliberative Process

Ex. 5 - Deliberative Process

Background: ATSDR had shared an earlier draft and EPA provided comments from individual scientists. In addition, the ATSDR MRL working group includes an EPA toxicologist from one of the regions, but we made it clear that they did not represent the Agency's position.

EPA is being pushed to provide communications input.

Subject: Near term action on cross-federal communication - PFAS ATSDR Toxicological Profile to be released for final public comment

Tom and Lawrence:

ATSDR (Henry Abadin and Janine Cory) has reached out to me to begin cross-Agency coordination on communications related to the pending release of their draft Toxicological Profile for PFAS for public comment.

The process for the document is as follows:

- 1) a non-public letter peer review (recently completed)
- 2) internal ATSDR clearance (currently ongoing)

Kathleen and I would greatly appreciate being apprised of next steps as you move forward. Our PFAS toxicity workgroup is ready to help craft Qs & As.
